Siteco Lighting Systems, Traunreut, Germany: Corporate Overview

Siteco is one of the leading manufacturers and suppliers of interior and outdoor luminaires and custom lighting solutions such as daylight systems and secondary reflector systems. As an industry leader, Siteco is well-known within the lighting industry for innovation, brand quality and service. Siteco's high standard of competence in the area of customer projects proves to be a decisive impetus in the development of ground-breaking technologies, new products and user-oriented solutions.

From road lighting to airport and stadium lighting, the comprehensive assortment of products for exterior luminaires offers solutions to meet every outdoor need. And in the area of interior lighting, Siteco convinces with design oriented and innovative products for the lighting of office and industrial buildings as well as sport arenas, shopping centres and many other applications.

With approximately 900 employees in Traunreut, Germany, Siteco Lighting Systems is one of the most important employers in the region. In Germany as a whole, about 1000 employees work for the company and about 1,250 worldwide. Sales activities operate Europe-wide as well as in selected growth regions throughout the world. Barclays Private Equity is the main shareholder.

Numerous current international references demonstrate the extent to which the competence of Siteco in the area of lighting is appreciated:
