Product description: SConSpcomm.mod,rec,surf

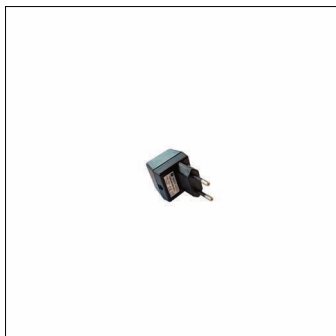

SITECO Connect Sport, communication module, installation type: recessed, surface-mounted, with plug version EU, mains connection: 230V, AC, 50/60Hz, housing, of plastic, black, timer module, configuration via Casambi app, optional remote setup and operation via gateway, The timer is a 230V power plug that maintains the configuration and time of Casambi networks whose luminaire controllers work without a permanent power supply. This is the case, for example, at sports fields that are switched off after use. The timer is connected to a socket with a permanent voltage within radio range of the Casambi network and stores the values for up to 12 hours even in the event of a power failure. It also serves as a repeater to extend the radio network, protection rating (complete): IP20, insulation class (complete): insulation class II (safety insulation), certification: CE, packaging unit: 1 piece

IP 20  

Wt. (kg): 0.1
GTIN (EAN): 4069025199232

Order No.: 5EA1LT01 | **GTIN (EAN):** 4069025199232

Detailed technical description: SConSpcomm.mod,rec,surf

Key data

- Product type: communication module
- Product name: SITECO Connect Sport
- Order No.: 5EA1LT01

Lighting technology | Lamps | Control gear

Component 1

Lamps:

- Rated input power: 0.3W

Certificates, Standards

- Protection rating: IP20
- Insulation class: insulation class II (safety insulation)
- Certification, designation: CE

Material, Colour

- housing: plastic, black

Mounting

- Mounting method, mounting location: surface-mounted, recessed, in an electrical distributor, in housing, into a shockproof outlet, in a switching cabinet

Electrical connection

- Connection: plug version EU
- Nominal voltage: 230V, 50/60Hz, AC

Dimensions, Weight

- Weight: 0.1kg
