

- Timeless design with high-quality housing in slim shape easily integrating in different architectural environments
- Simple and quick installation, mounting possible both on ceilings and walls for maximum flexibility
- Optional with Tunable-White function ideally suited for HCL<sup>live</sup> applications to increase well-being by automatically adapting to natural daylight colour temperatures

- Available with Bluetooth control functionality for remote control via smart phone, automatic running of preset scenarios and effortless installation using wireless switches
- Easily extendable with emergency lighting element or HF movement sensor in the center of the luminaire for even more functionalities and application friendliness

## Rondel 21

**The allstar for general lighting in its latest version with extended features.**

# Rondel 21

## Key Specifications

<b>Luminous flux</b>	900 lm / 1.800 lm
<b>Rated power</b>	9 W / 18 W
<b>Optics</b>	Opal diffuser
<b>Light distribution</b>	Diffuse
<b>CCT</b>	3.000 K / 4.000 K
<b>UGR</b>	< 28
<b>CRI</b>	> 80
<b>Protection rating</b>	IP 40 / IK 03
<b>Rated service life</b>	50.000 h (L70 / B50) at 25° C
<b>Ambient temperature</b>	-20 ... +40° C
<b>ECG</b>	ON / OFF, integrated
<b>Mounting options</b>	Ceiling / wall surface mounting
<b>Certificates</b>	CE
<b>Dimensions</b>	Ø 380 x 28 mm
<b>Weight</b>	1,7 kg
<b>Accessories</b>	3h emergency luminaire, HF movementsensor

## Rondel 21 accessories

Article	Weight kg	Order No.
Emergency light element	0.5	0MD5303B
HF movement sensor	0.5	5MD53003S
Mounting element	0.1	0MD5300D

## Highlights of Rondel 21 with Bluetooth- and Tunable-White functionalities:

- Maximum convenience thanks to Bluetooth control: easy ON / OFF and color temperature adaption via smartphone
- Simple grouping of luminaires, setting of different scenes and animations – individualization of light and flexibility on a high level
- Integrated calendar and timer functionality with sunrise and sunset information for easy automatization of lighting
- Wireless system – ideal for retrofit situations in which cable installations are not possible
- Tunable White function to adapt color temperature according to individual needs or situation, e.g. warm in the evening and rather cold during the day – also suitable for SITECO HCL<sup>live</sup> applications to boost motivation and well-being.
