

14 cores for networking without additional wiring effort.

Click system for easy integration of sensors, WiFi, audio, video, emergency lighting and more.

Basis for HCL^{live} to increase well-being and motivation.

Save up to 80 % energy and CO₂ thanks to maximum efficiency.

Multilumen function and CLOI for unmatched adaptability.

Best light: Wide range of luminaire inserts and optimum glare control up to UGR < 19

Licross® Trunking

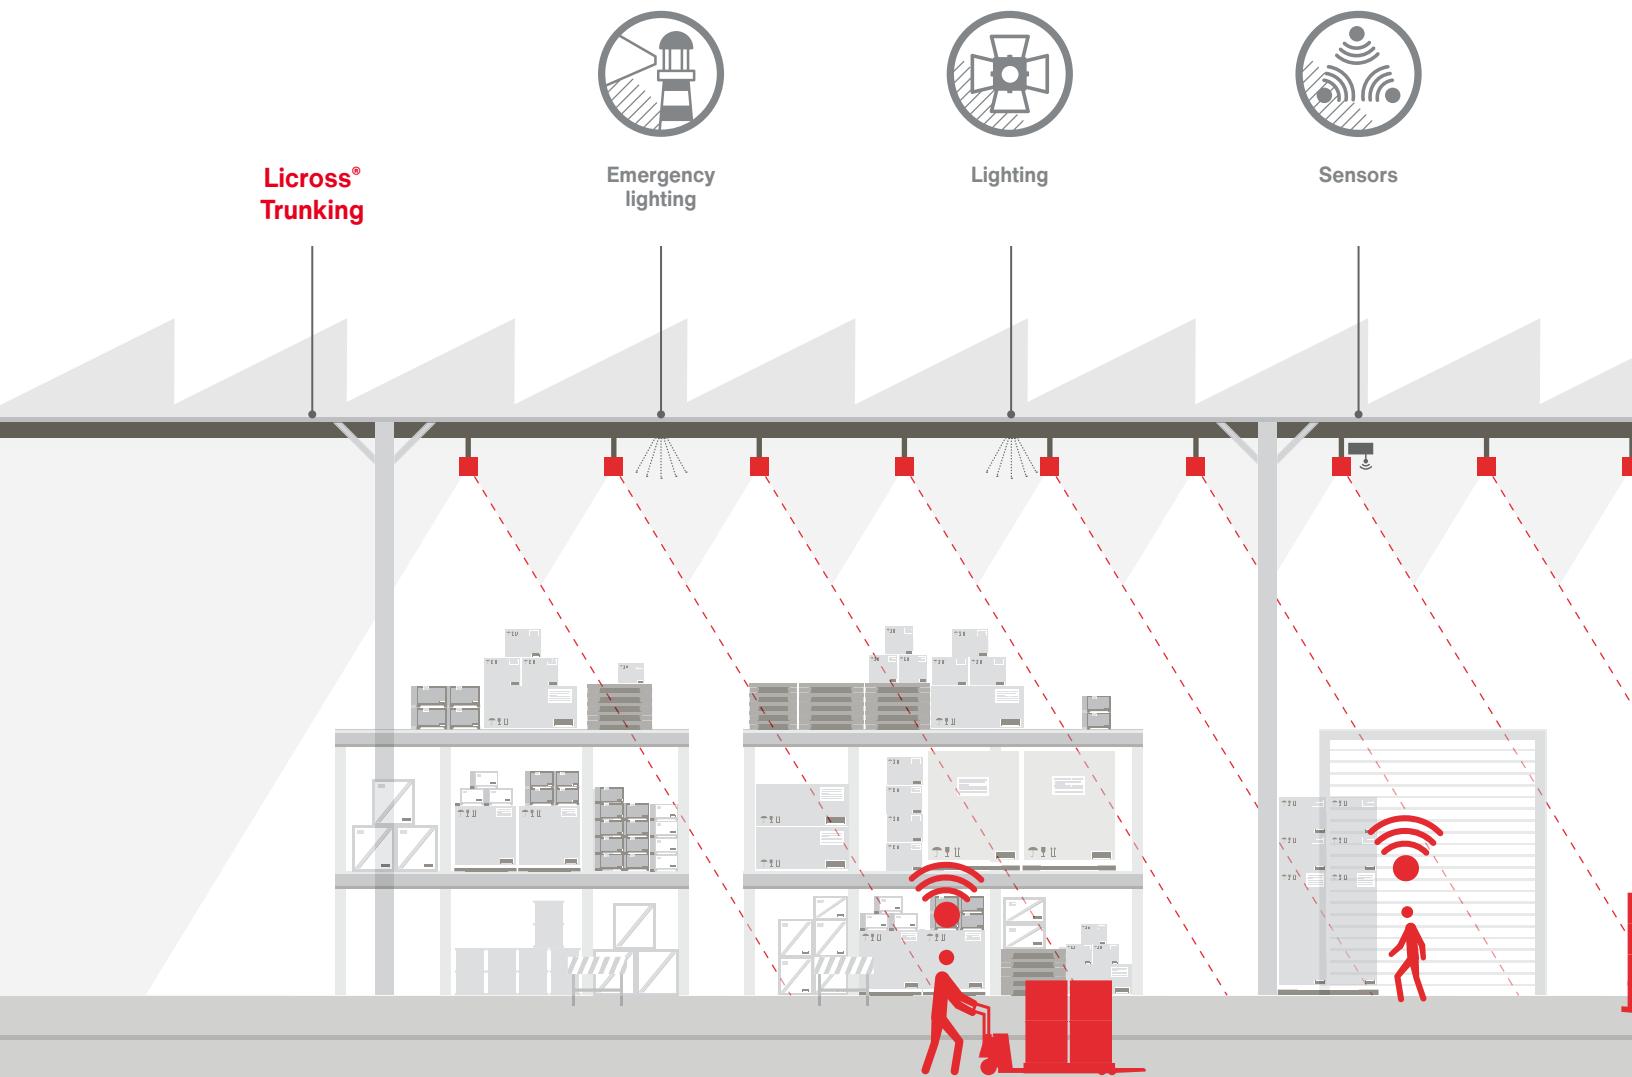

The backbone of your infrastructure.

14 cores and full flexibility are a must for tomorrow.
45 years of experience – trunking *Made in Germany*.

Setting the course for tomorrow today.

State-of-the-art lighting technology means maximum efficiency. For us, that is not enough. We offer a system that becomes the backbone of your building infrastructure and goes far beyond lighting. A solution with maximum flexibility in application and already equipped today for the requirements of the future.

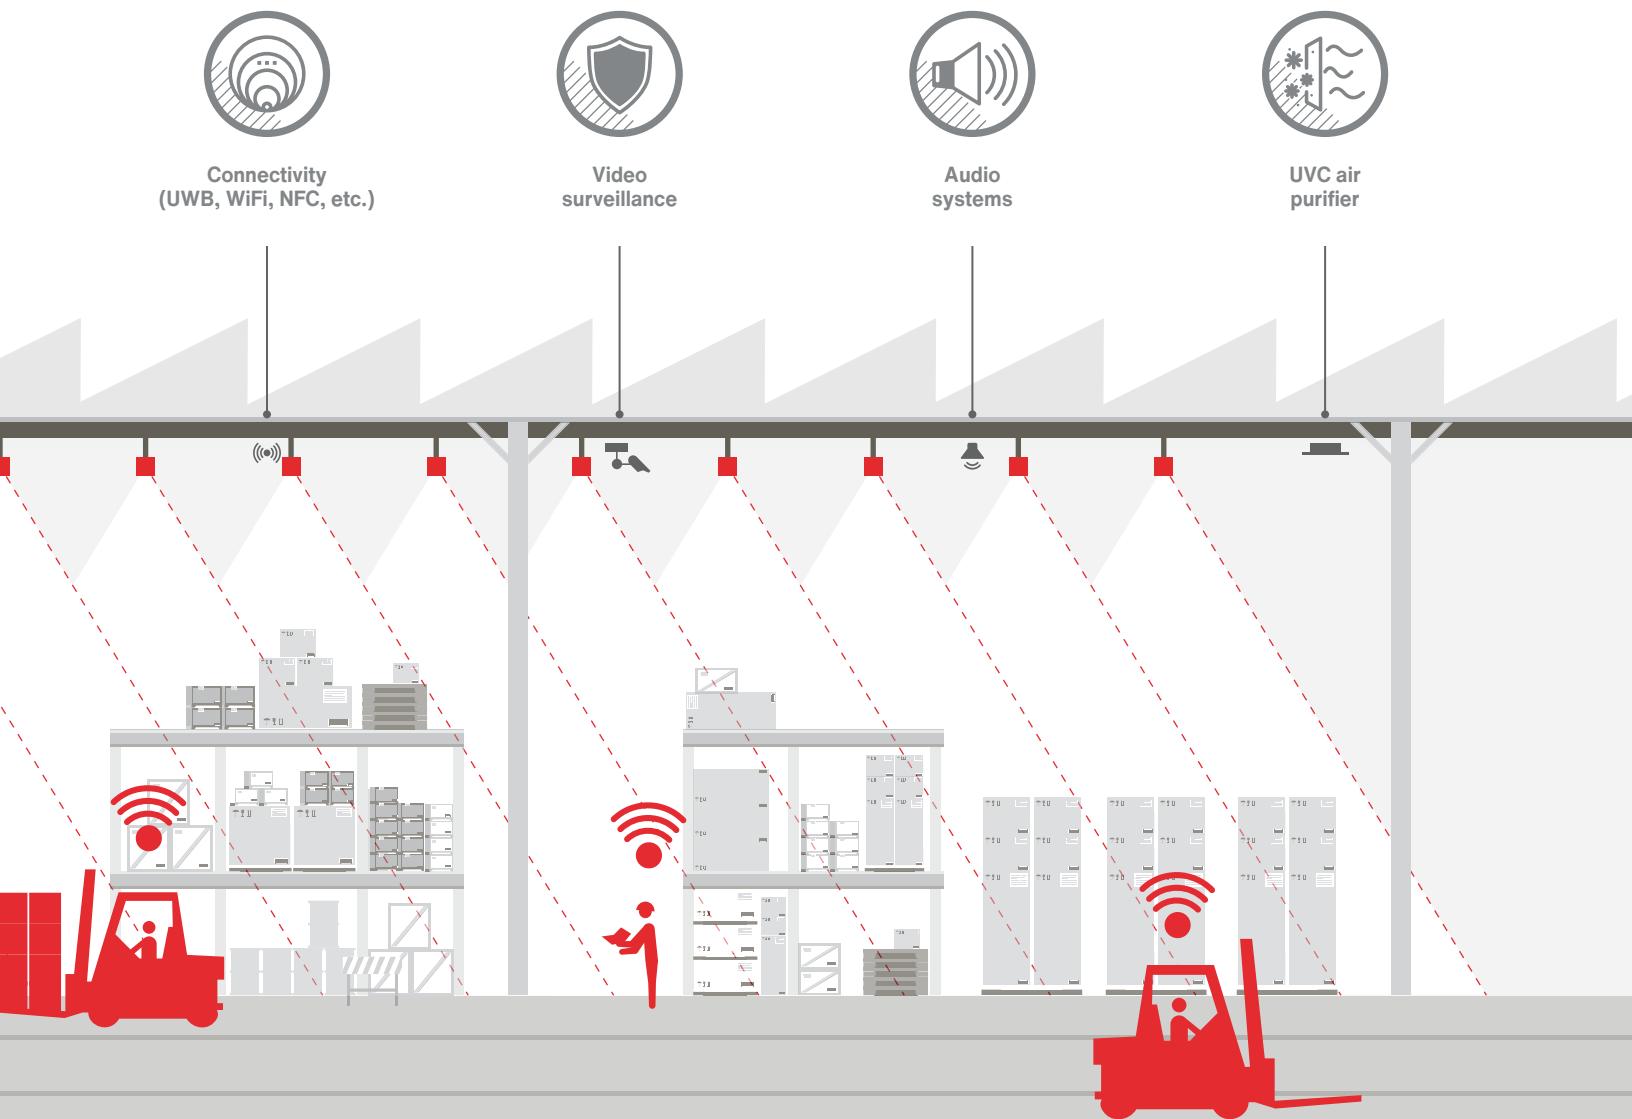

Licross® – the backbone of your digital infrastructure.

14 cores for a new level of networking.

Free cores in the Licross® trunking system enable ultra-fast data transmission to the device of your choice, over distances that can be three times as long as a normal network connection. Thanks to a well-thought-out family concept, a wide range of IT devices such as WiFi, cameras or audio systems can easily be connected to the trunking system via our standardised ethernet sockets.

This allows you to bundle smart technology at the luminaire and thus optimise the space and appearance of your building's ceilings. At the same time, you minimize the complexity on the construction site and reduce the fire load of your building.

SITECO Connect Audio

What do shops, large offices, hotels and industrial halls have in common? They are all spacious and need loudspeakers for announcements, music or voice alarms. With SITECO Connect Audio, Licross® becomes a medium for communication. This saves redundant electrical installations, because two free conductors inside the trunking system are quickly used for audio transmission.

Designation	Details	Colour	Order number
Licross® loudspeaker adapter	Licross® insert for mounting and connection of loudspeaker 59UA ... LT, wire pair selectable (D1 +/- or D2 +/-)	white	56TL1LT
Loudspeaker for adapter 56TL1LT	Loudspeaker for mounting on loudspeaker adapter 56TL1LT, 2-way technology, 10W nominal power, certified for voice alarm systems according to EN 54-24	white jet-black metallic grey	59UA1LT 59UA3LT 59UA6LT
Amplifier for announcements and music	Power amplifier for the transmission of speech and music, 120 W nominal power, for the operation of max. 10 loudspeakers 59UA ... LT	black	59UA3VT
Table microphone for announcements	Table microphone for announcements, up to 2 units can be connected to mixing amplifier 59UA3VT, talk button, locking lever, 2.5 m connection cable, jack plug 6.3 mm	black	59UA3PT

1 Speaker adapter

- Interface for the integration of a loudspeaker in the trunking system - easy to install thanks to bracket with mounting lock and plug-in connection for automatic contacting
- Can be positioned anywhere in the trunking rail for maximum flexibility
- Can be combined with a range of loudspeaker modules for freedom in planning

2 Loudspeaker

- 2-way loudspeaker for crystal clear announcements and excellent music experience
- Certified according to EN 54-24 and thus suitable for use in voice alarm systems – maximum security and planning freedom for your building
- Easy installation thanks to plug-in connection and design flexibility via three colour options

3 Mixing amplifier

- Desktop mixing amplifier with 120 W for a powerful audio signal – suitable for the connection of up to 10 loudspeakers
- 2 universal audio inputs for parallel connection of microphone and music source for highest flexibility and ease of use
- Usable as a desktop unit and suitable for common mounting racks

4 Microphone

- Table microphone for announcements with first-class voice quality
- Easy operation with large intercom button and locking lever to prevent unintentional operation
- Including 2.5 meter cable for great freedom in positioning and mounting

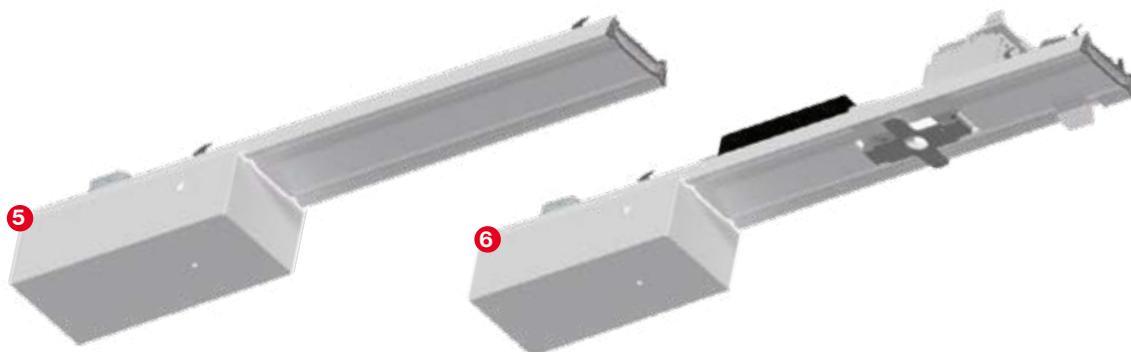

SITECO Connect IP

With SITECO Connect IP, Licross® becomes a data highway. Free conductors are used to enable data transmission at up to 1 Gbit/s and up to a transmission length of over 300 m.

The link to the network is established via the Licross® LAN connector. Universal interfaces (PoE adapters) are then simply clicked into the trunking rail – just like luminaire inserts – and enable cameras, WiFi routers or other IP devices to be operated. Up to 12 ports / IP participants are possible at any location. Communication and bandwidth allocation are dynamic and automatic.

Licross® thus becomes the backbone of the building's digital infrastructure. It saves additional installations, can be easily expanded or retrofitted and ensures a tidy ceiling.

⑤ LAN connector

- Link to the network

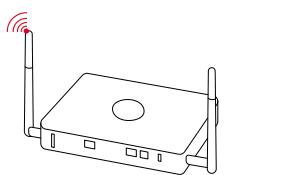

⑥ PoE adapter

- For mechanical and electrical connection of IP devices such as cameras

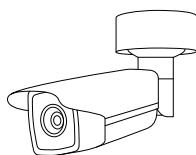

Designation	Details	Colour	Order number
Licross® LAN connector	Network connection, 1 Gbit/s, RJ45 plug connection, max. 12 subscribers, max. 300 m Licross® rail length	white jet-black metallic grey	56TL1NN00A 56TL3NN00A 56TL6NN00A
Licross® POE adapter	Mounting and connection option for IP subscribers, RJ45 plug connection, max. 12 adapters in connection with a LAN port, active Power-over-Ethernet* supply	white jet-black metallic grey	56TL1UN00A 56TL3UN00A 56TL6UN00A

* Power-over-Ethernet according to IEEE 802.3af (12.95 W), wire pair selectable (D1 +/- or D2 +/-), dynamic bandwidth distribution between all nodes (dynamic switch), bandwidth reduction with increasing distance to the LAN connection.

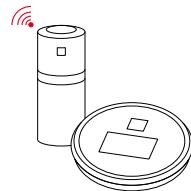

Typical applications

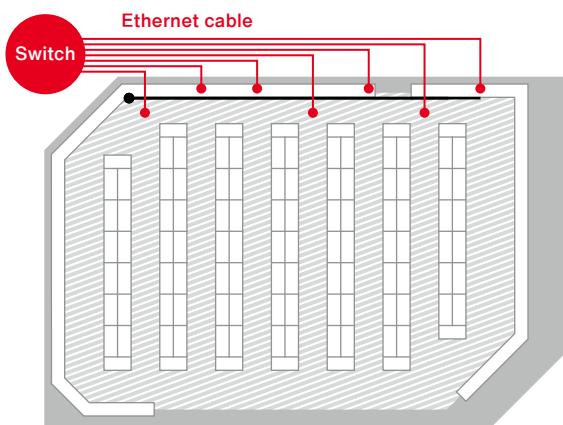

Internet access

Video

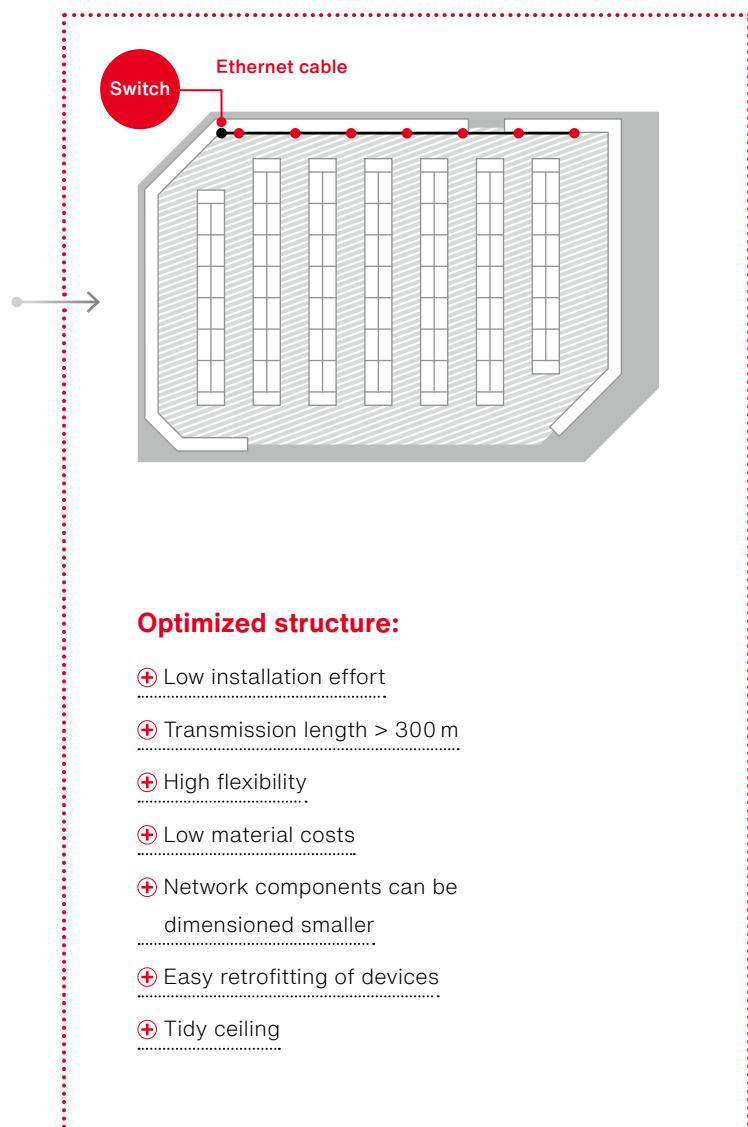

Tracking
(e.g., material flow monitoring)

The advantages at a glance

Up to now complex installation:

- ⊖ Large installation effort
- ⊖ Only a maximum of 100 m transmission length
- ⊖ Low flexibility
- ⊖ High material expenditure
- ⊖ Large dimensioning of the network components
- ⊖ Visually mostly unsatisfactory

Optimized structure:

- ⊕ Low installation effort
- ⊕ Transmission length > 300 m
- ⊕ High flexibility
- ⊕ Low material costs
- ⊕ Network components can be dimensioned smaller
- ⊕ Easy retrofitting of devices
- ⊕ Tidy ceiling

Insert available in the
following colours:

Licross® Trunking Rail

- Trunking rails with up to 14 cores for a new level of networking
- Wide range of rail and insert configurations to meet your demands

Licross® Recessed

- A simple way to achieve illumination according to requirements thanks to many different light distributions
- Uniform design due to rail-flush integration
- Very high luminous flux of up to 26,000 lm

Licross® Protected

- High resistance and suitability for ambient temperatures of up to 50° C over complete service life
- Very robust system with protection ratings up to IP64 / IK06 and at the same time high luminous flux of up to 14,000 lm

Licross® Performance

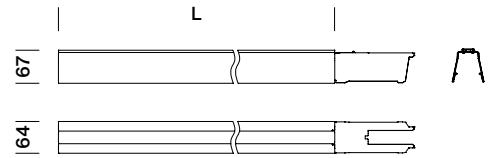

- Special optic technology for very high visual comfort with up to UGR < 19 and suitability for VDU workstations
- Attractive interior design with up to 23 % indirect light component – ideal for SITECO HCL^{live}

Licross® Retail solutions

- Spot: Accent lighting and excellent colour rendering for attractive interior design or product presentation
- Washer: Asymmetrical wide light distribution provides deep, uniform illumination of walls, shelves or blackboards

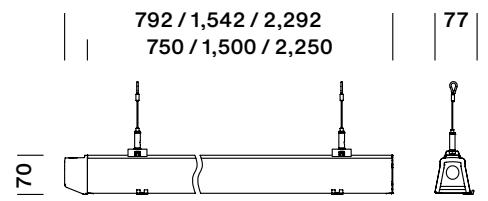

Licross® Trunking Rail

Material	sheet steel, galvanised
Through-wiring	no wiring, 7 x 2.5 mm ² , 14 x 2.5 mm ²
Colour	metallic grey (RAL 9006), white, jet-black (RAL 9005)
Length	1,500, 3,000, 4,500 mm
Protection class / rating	Protection class I / up to IP64 (depending on inserts used)

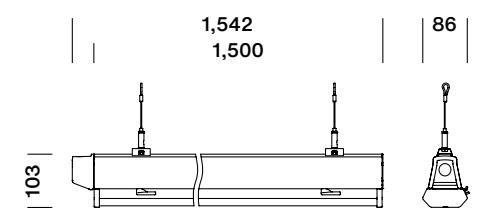

Licross® Recessed

Net luminous flux	up to 26,230 lm
Luminous efficacy	up to 181 lm / W
Light distribution	wide, medium, narrow, asymmetric, diffuse distribution
Control	ON / OFF, Multilumen with CLOi, DALI, DALI TW
Protection rating	IP40
Ambient temperature	-35 ... +50° C*
Rated service life	up to 100,000 hours
L-value	up to L100

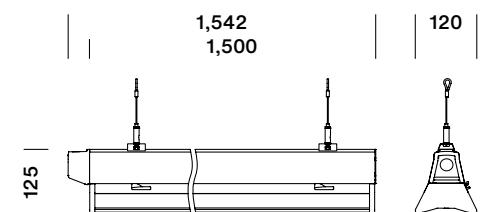

Licross® Protected

Net luminous flux	up to 14,700 lm
Luminous efficacy	up to 174 lm / W
Light distribution	wide, narrow, extremely narrow
Control	ON / OFF, Multilumen with CLOi, DALI, DALI TW
Protection rating	IP50, IP54, IP64
Ambient temperature	-35 ... +50° C*
Rated service life	up to 100,000 hours
L-value	up to L100

Licross® Performance

Net luminous flux	up to 14,250 lm
Luminous efficacy	up to 171 lm / W
Light distribution	direct / indirect distribution
Control	ON / OFF, Multilumen with CLOi, DALI, DALI TW
Protection rating	IP50
Ambient temperature	-35 ... +50° C*
Rated service life	up to 100,000 hours
L-value	up to L100

Licross® Retail solutions

Licross® Spot 31		Licross® Shelf-/ Wallwasher
Net luminous flux	up to 4,800 lm	up to 5,740 lm
Luminous efficacy	up to 120 lm / W	up to 119 lm / W
Light distribution	18°, 24°, 36°, 55° lens optics	90° asymmetrical distribution to the right (Shelfwisher), asymmetrical distribution with an inclination of 0° / -5° / +5° (Shelfwisher / Wallwisher)
Control	DALI, ON / OFF	DALI, ON / OFF
Protection rating	IP20	IP20
Ambient temperature	-20 ... +40° C	-25 ... +40° C
Rated service life	up to 50,000 hours	up to 50,000 hours
L-value	up to L80	up to L80

* With DIP position 8 (BDF) up to 50° C.

Centre feed-in /-out

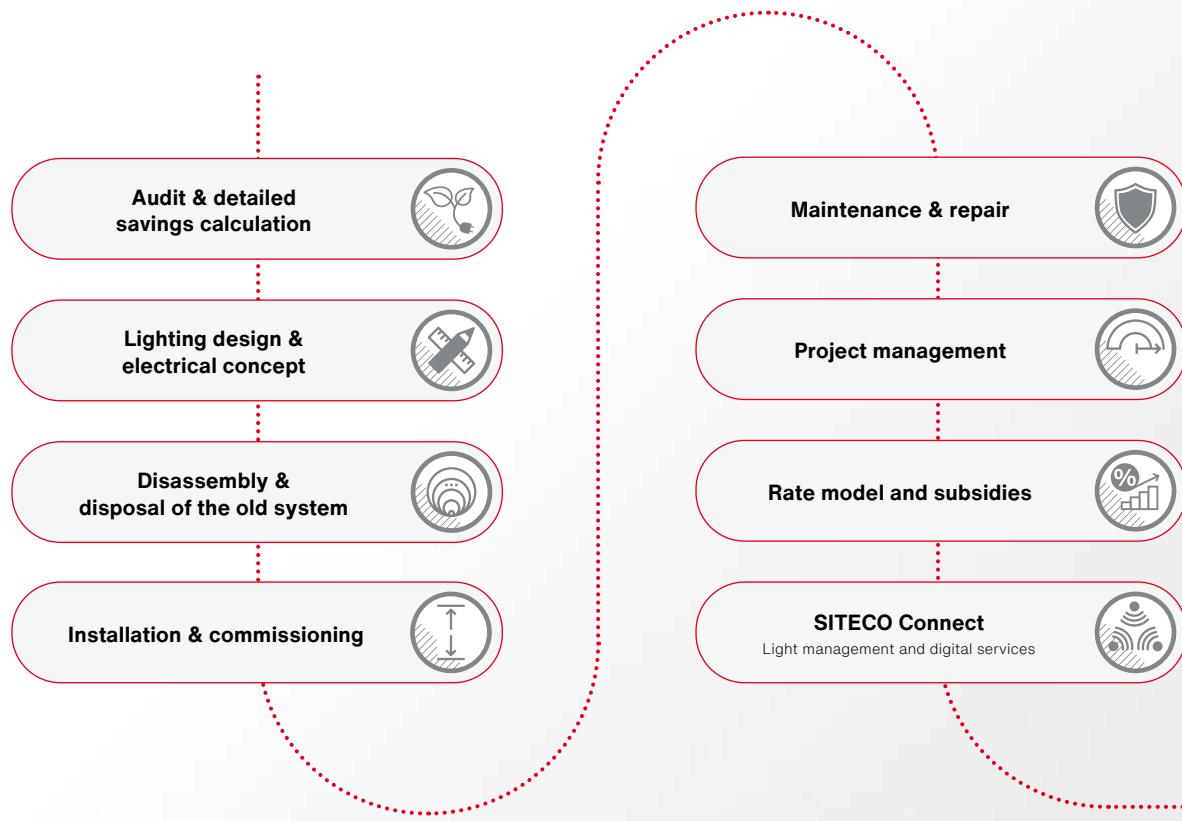

Accessories	Details	Length mm	Colour	Protection rating	Order number
Centre feed module	Centre feed module (feed-in /-out) for up to 7-core rail, with pre-wired terminals incl. blank cover	450	white	IP20 / IP40	59TL1MN7
		450	metallic grey	IP20 / IP40	59TL6MN7
		450	jet-black	IP20 / IP40	59TL3MN7
		450	white	IP50 / IP64	59TP1MN7
	Centre feed module (feed-in /-out) for up to 14-core rail, with pre-wired terminals incl. blank cover	650	white	IP20 / IP40	59TL1MNE
		650	metallic grey	IP20 / IP40	59TL6MNE
		650	jet-black	IP20 / IP40	59TL3MNE
		650	white	IP50 / IP64	59TP1MNE

Feed-out

Accessories	Details	Length mm	Colour	Protection rating	Order number
Feed-out module	Feed-out module for up to 7-core rail, with pre-wired terminals incl. blank cover and 2 x end cap	300	white	IP20 / IP40	59TL1FT7
		300	metallic grey	IP20 / IP40	59TL6FT7
		300	jet-black	IP20 / IP40	59TL3FT7
		300	white	IP50 / IP64	59TP1FT7
	Feed-out module for up to 14-core rail, with pre-wired terminals incl. blank cover and 2 x end cap	450	white	IP20 / IP40	59TL1FTE
		450	metallic grey	IP20 / IP40	59TL6FTE
		450	jet-black	IP20 / IP40	59TL3FTE
		450	white	IP50 / IP64	59TP1FTE
Feed-out socket	Feed-out socket, spare part	-	-	IP20 / IP40	59TL3FTK

SITECO Services

All-round carefree with a strong partner network.

With our service model, you get turnkey solutions from a single source – from planning and installation to maintenance and financing.

The choice is yours: from pure lighting to the “all-round carefree package”.

SITECO is your planning and development partner for every lighting solution.

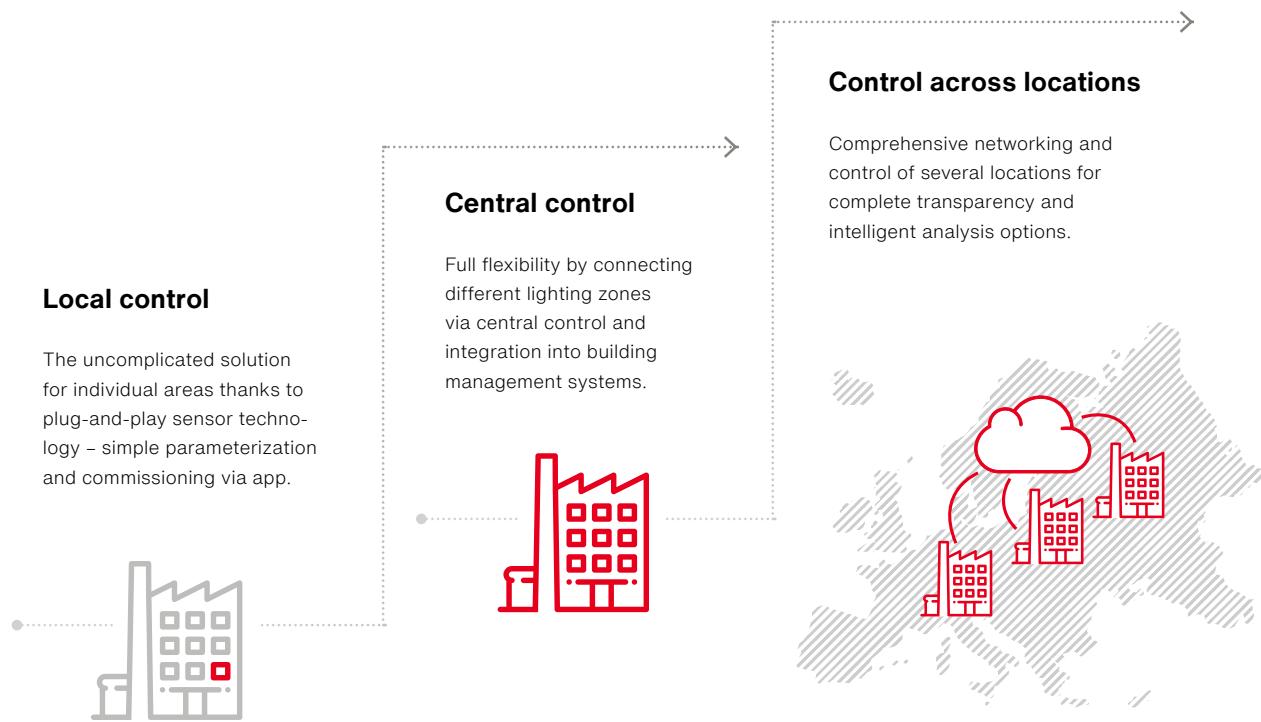

**Extend, control and monitor Licross® intelligently:
With SITECO Connect.**

From simple plug-and-play control to integrated software systems and SITECO HCL^{live} applications – SITECO Connect offers you perfectly tailored solutions for local or central control, monitoring and the use of your lighting installation as a data highway. We are happy to accompany you through the entire process: planning, configuration and commissioning.

For more information, visit www.siteco.com/solutions/siteco-connect

“Today we control locally,
but soon across
multiple locations.”

Not open for debate:
Everything has to be possible.

Now or later. We create the infrastructure that leaves all your options open. From the simple plug-and-play control to the fully integrated building management system – SITECO Connect delivers tailor-made solutions. And we accompany you through the entire process: planning, programming and commissioning.

SITECO Connect for next-level digital solutions.

Sensor interfaces

Application	Control	Function	Licross® sensor			
			Type	Order number	Type	Order number
For narrow rooms e.g. corridors Mh = 2 ... 5 m	SITECO Connect I/O	DALI2 ⁴⁾	S	56TL1FCSA	PR1-S	59US1HXSPR1A
	DALI2 control system on site					
	DALI Professional RTC	DALI	MC	56TL1FDSCA	PR1-M	59US1HXMPC1A
	locally dimmable ^{2) 3)}	Master	MD	56TL1FCMA		
For rack and highbay storage Mh = 4 ... 14 m	Slave	S	56TL1FCSA	PR1-S	59US1HXSPR1A	
	locally switchable ³⁾	Master	MS	56TL1FAMA	PR1-M	59US1HXMPC1A
	SITECO Connect I/O	DALI2 ⁴⁾	S	56TL1FCSA	PR2-S	59US1HXSPR2A
	DALI2 control system on site					
For low rooms e.g. logistics zones Mh = 2,5 ... 4 m	DALI Professional RTC	DALI	MC	56TL1FDSCA	PR2-M	59US1HXMPC2A
	locally dimmable ^{2) 3)}	Master	MD	56TL1FCMA		
	Slave	S	56TL1FCSA	PR2-S	59US1HXSPR2A	
	locally switchable ³⁾	Master	MS	56TL1FAMA	PR2-M	59US1HXMPC2A
For high rooms e.g. logistics zones Mh = 4 ... 14 m	SITECO Connect I/O	DALI2 ⁴⁾	S	56TL1FCSA	PC1-S	59US1HXSPC1A
	DALI2 control system on site					
	DALI Professional RTC	DALI	MC	56TL1FDSCA	PC1-M	59US1HXMPC1A
	locally dimmable ^{2) 3)}	Master	MD	56TL1FCMA		
Light sensor for daylight detection low rooms Mh = 2,5 ... 4 m	Slave	S	56TL1FCSA	PC1-S	59US1HXSPC1A	
	locally switchable ³⁾	Master	MS	56TL1FAMA	PC1-M	59US1HXMPC1A
Light sensor for daylight detection low rooms Mh = 2,5 ... 4 m	SITECO Connect I/O	DALI2 ⁴⁾	S	56TL1FCSA	D2	59TS1HXS2A
	DALI2 control system on site					

1) A Licross® sensor consists of a Licross® sensor head and a Licross® trunking sensor interface.

2) Control locally dimmable, consisting of master (control, detection) and slave (extension of detection area).

3) Commissioning with Smart Remote 59UC3RCA.

4) According to the latest DALI2 certification IEC 62386 parts 101, 103, 303 and 304.

Sensor modules

Application	Control	Function	Licross® sensor module		
			Type	Order number	
For shelf systems with mesh bases	locally dimmable ^{1) 2)}	Master	HE1-M	56TL1MBMHE1A	
	Slave		HE1-S	56TL1MBSHE1A	
Light sensor for daylight control, low rooms Mh = 2,5 ... 6 m	DALI Professional RTC ²⁾	DALI			
	locally dimmable ^{1) 2) 4)}	Master	HE1-M	56TL1MBMHE1A	
Light sensor for daylight control, high rooms Mh = 4 ... 12 m	DALI Professional RTC	DALI	HE1-S	56TL1MBSHE1A	
	DALI Professional RTC	DALI	D1	56TL1MDSD1A	
Office and classroom Mh = 2 ... 3,5 m, presence detection 16 m ²	SITECO Connect I/O	DALI2 ³⁾	PC3-S	white: 56TL1MDSPC3A black: 56TL3MDSPC3A silver: 56TL6MDSPC3A	
	DALI2 control system on site				
Office and classroom Mh = 2 ... 3,5 m, presence detection 64 m ²	SITECO Connect I/O	DALI2 ³⁾	PS2-S	white: 56TL1MDSPS2A	
	DALI2 control system on site				

1) Control locally dimmable, consisting of master (control, detection) and slave (extension of detection area).

2) Commissioning with Smart Remote 59UC3RCA.

3) According to the latest DALI2 certification IEC 62386 parts 101, 103, 303 and 304.

4) DALI push button interface 5LZ904731 is essential for manual control!
